M. Davis and Sons was established in 1870 and incorporated in Delaware in 1974. In 2017, M. Davis and Sons acquired VTi, Inc., a Newark, DE-based electrical manufacturer.

Peggy Del Fabbro  
CEO

From small factory retrofits to new plant system installations, M. Davis offers complete construction, fabrication and maintenance capabilities for mechanical, electrical and control systems. Our turnkey solutions for new construction, expansion, maintenance, and capital development enable clients to operate with customized equipment configurations, expertly fabricated to their exacting and unique specifications, and innovative control systems that keep their facilities efficient and safe.

We understand the compliance regulations across industries and adhere to the highest production standards so our customers can focus on their operations with confidence.
