

INDUSTRIAL CONSTRUCTION,  
FABRICATION AND MAINTENANCE

## MODULAR SKID FABRICATION

Maintain optimal productivity during your upgrade or new construction with M. Davis's modular skid fabrication solutions. We'll fabricate and assemble your new system in **our** shop, minimizing costly shut-down time on **your** site. Your operation or your construction can continue without interruption so your project stays on schedule.

When your fully assembled system is ready, we'll deliver and install it at your location, saving your organization additional time with our turnkey service. And, as with all M. Davis jobs, your installation is performed with the most stringent safety protocols to protect your workplace as well as our crew.

We proudly meet all ASME, cGMP, 3A, and USDA regulatory standards for high-quality manufacturing.

### SKID DESIGN & FABRICATION SERVICES

- CAD drawings, 3D modeling
- Building intelligence modeling (BIM)
- Structural steel and frames
- F.A.T. (Factory Acceptance Testing)
- Field installation and integration
- Pipe fabrication
- Pneumatic and hydraulic assemblies
- ASME vessels, columns, and reactors
- ISA-certified instrumentation & process controls
- UL certified panel shop

M. Davis and Sons was established in 1870 and incorporated in Delaware in 1974. In 2017, M. Davis and Sons acquired VTi, Inc., a Newark, DE-based electrical manufacturer.

Peggy Del Fabbro  
CEO

From small factory retrofits to new plant system installations, M. Davis offers complete construction, fabrication and maintenance capabilities for mechanical, electrical and control systems. Our turnkey solutions for new construction, expansion, maintenance, and capital development enable clients to operate with customized equipment configurations, expertly fabricated to their exacting and unique specifications, and innovative control systems that keep their facilities efficient and safe.

We understand the compliance regulations across industries and adhere to the highest production standards so our customers can focus on their operations with confidence.
